(i) Strengthening of Revenue Administration and Updation of Land Records and
(ii) Computerisation of Land Records, provides financial assistance to the State Governments to modernise the revenue machinery, upkeeping/preservation of land records, expediting consolidation operation/survey settlement operation and also to computerise the available existing land records as well as to improve the delivery system of essential services including issuance of Kisan Pass Book at subsidized cost to small and marginal farmers and for similar other activities which may help updating, use and efficient maintenance of land records in the country. During the 8th Plan, under the first and second schemes, Rs. 79.92 crores and Rs. 39.76 crores respectively have been released as Central share to the States.

Pump Houses for Disposal of Sewage Water in Delhi

3911. SHRI RAM NATH KOVIND:
DR. RANBIR SINGH:

Will the PRIME MINISTER be pleased to state:

(a) whether pump houses for disposal of sewage water have been constructed at different places of Delhi;

(b) if so, their locations and the amount spent for their construction;

(c) whether a similar pump house was constructed in Shalimar Bagh;

(d) if so, the pockets connected with this pump house;

(e) whether it is a fact that a large number of colonies have not been connected with this pump house, causing inconvenience to the residents; and

(f) if so, the reasons therefor?

THE MINISTER OF STATE IN THE MINISTRY OF URBAN AFFAIRS & EMPLOYMENT (DR. U. VENKATESWARLU): (a) Yes Sir.

(b) and (c) Delhi Water Supply & Sewage Disposal Undertaking has reported that two sewage pumping stations have been set up during the last two years. The details are as below:—

(i) Jagriti Sewage Pumping Station Vikas Marg, in March, 1995 at a total cost of Rs. 105.00 lakhs.

(ii) Shalimar sewage Pumping Station near pocket U & V Shalimar Bagh in October, 1994 at a total cost of Rs. 442.00 lakhs.

(d) All pockets of Block 'A' and 'B' and pocket C, A & C, B of Shalimar Bagh have been connected with Shalimar Sewage Pumping Station near U & V Block, Shalimar Bagh.

(e) and (f) Delhi Water Supply & Sewage Disposal Undertaking has reported that the Shalimar Sewage Pumping Station has been connected with all the blocks in the area for which it was constructed.

After commissioning of this sewage pumping station, the peripheral sewer in this area which had been laid by Delhi Development Authority was found to be settled at one place which has already been replaced. Subsequently, one sewer was again found settled at two additional places. Tenders for repairing/replacing the same had already been invited by Delhi Water Supply and Sewage Disposal Undertaking.

Gas and Oil Output in Tamil Nadu

3912. SHRI S. NIRAIKULATHAN: Will the PRIME MINISTER be pleased to state:

(a) what are the places where gas and oil have been struck in Tamil Nadu, so far;

(b) what is the out-put of gas and oil in these areas; area-wise; and

(c) whether Government propose to set up any petroleum/gas related or by-product industry in Tamil Nadu?
